

AMENDMENTS TO THE SPECIFICATION

In the Specification

Please replace the paragraph bridging pages 16 and 17 with the following amended paragraph:

The envelope control DACs 14, 14', ... shown in Figure 1 are to control an envelope on each of the sound channels. The envelope L control DAC 14, 14' ~~47, 47'~~, ... and the envelope R control DAC 14, 14' ~~48, 48'~~, ... shown in Figure 2 are to control respective envelopes of a left channel and a right channel of each sound channel. By changing the values set on them, an effect of pan-pot or the like can be easily achieved.
